

Staff Augmentation Services

Global Convergence Inc. (GCI) offers its customers Staff Augmentation services to support their short, near-term or long-term technology resource requirements for both remote or onsite models.

GCI Staff Augmentation includes a variety of services with most of the basic services offered for technology support requirements such as Cisco CCNA, CCNP, and Project Management Support requirements (PMI-Certified resources) or general technology support needs.

Each engagement is tailored to the specific set of customer requirements.

Vendor Products Supported

- Cisco
- Avaya
- Nortel
- PMI Resources

Our Expertise

Global Convergence Inc. (GCI) is specialized in multi-vendor, multi-technologies. GCI Staff Augmentation Services can be supported in North America, Canada, Mexico, EMEA, APAC and LATAM.

Staff Augmentation

Standard Deliverables

- Dedicated technology or Project Management resources delivered either onsite engagement or remote engagement
- Based entirely upon individual requirements of skill sets as specified in the customer Scope of Work

Staff Augmentation

Standard Deliverables

- Staff Augmentation services generally begin with the GCI customer conducting an interview with potential staff augmentation candidate(s) prior to finalizing any decision to onboard the proper resource.
