

# Implementation Services - Global Implementation Programs

## Making the Complex Simple

Global Convergence Inc. (GCI) offers comprehensive, multi-service/multi-national global implementation programs to ensure your success.

GCI's global implementation programs are out-of-the-box solutions that include:

- International Project Management Office (IPMO)
- Onsite Implementation and Transformation Services
- Scope of Work based Program Delivery

The offering can be customized to meet specific market and business requirements of manufacturers and also be customized for customer end-users who may have a need for a single source partner capable of delivering implementation services worldwide.

## Implementation Services to Meet your Needs

Global implementation programs are focused on delivering volume, and are intended to be provided either with Global Convergence, Inc. as a 'white label' partner that represents the manufacturer when onsite implementations occur, or directly to a customer end-user client as applicable.

## Our Expertise

Global Convergence Inc. (GCI) is specialized in multi-vendor, multi-technologies. GCI global implementation programs are supported in North America, Canada, Mexico, EMEA, APAC and LATAM.

GCI has been named to the prestigious MSP 501 List at #59.
